CRABTREE CONSULTING

CUSTOM APPS / WORKFLOW AUTOMATION

PRACTICAL TECHNOLOGY FOR REAL BUSINESSES

LESS PAPERWORK. BETTER BUSINESS.

We turn paper forms, spreadsheets, and repetitive handoffs into simple apps built around the way your team actually works.

DIGITAL FORMS

Inspections, checklists, photos, signatures, and reporting.

WORKFLOW AUTOMATION

Approvals, notifications, and fewer manual follow-ups.

INTERNAL BUSINESS APPS

Work orders, inventory, scheduling, and requests in one place.

OPERATIONS DASHBOARDS

See what is open, overdue, complete, and next.

FROM CLIPBOARD TO CLEAR VISIBILITY.

Example: instead of a paper service ticket, a technician fills out a form on their phone, adds photos, and the team tracks the job status in one place.

START SMALL. SCALE WHEN IT MAKES SENSE.

Workflow audits from $450 • Digital builds from $1,500
